Certificate of Conformity

PRODUCT: Mouse Muscle Tissue Homogenate Whole

CODE NO: 55044-THW

LOT NO: 10333

STORAGE: -55°C or below

PROCEDURE: Mouse muscle is collected fresh from healthy mice (Swiss-Webster mice, averaging 8-10 weeks of age, mixed gender) and frozen at the time of slaughter. The tissues are then thawed and homogenized with PBS ratio 1-3. The homogenate is packaged and then stored at or below -55°C.

ASSAYS:

Total Protein: 3.00 g/dL (FIO)

pH: 6.70 (FIO)

QUALITY ASSURANCE

Quality Control Release Date: April 26, 2011
