

Chicken Pancreas Powder

Product Data Sheet · P/N 74128 Rev 02 · Reissued 2026-09-19 (layout only)

Product code	Pack size
43032-0	1 g
43032-1	10 g
43032-2	100 g

Description

Chicken pancreas is collected in the contiguous 48 United States. The animals receive ante and post mortem inspection and are found free of contagious diseases. The pancreas is ground into powder, lyophilized and vacuum-packed.

Physical State

Off-white to tan colored dry powder

Testing

Moisture: Report result

Application Notes

Reportedly useful as a source of folate conjugase which may be used to determine folate content in various foods.

Packaging

Glass jars, vacuum packed

Storage Temperature

2-8 °C

Shipping Conditions

Cool packs or ambient, dependent on customer requirements

Expiration

Product quality is guaranteed to meet Pel-Freez Biologicals' specifications for 1 year from the date of receipt by the customer as long as the product is stored in accordance with the indicated storage conditions.
